**Pre-Order DVDs are due June 19<sup>th</sup>**. After the 19<sup>th</sup> orders received will be \$5.00 more. This DVD is a professional quality keepsake that your family will enjoy for years. We provide the option to buy a DVD so you can sit back and enjoy the performance and not have to worry about recording, or being interrupted by someone else recording. No cameras are allowed during the performance and we appreciate your compliance with the no camera. Even though you are welcome to video at the dress rehearsal, home videos are disappointing due to stage lighting and angles. We offer the professional DVD for your convenience & enjoyment. It is worth the money! You can experience the performance in person instead of behind a camera!

The DVD will have a navigation menu to select your performer's routine. Two professional cameras will record the recital from different angles; one will film the entire group, the other will record close-up images. The two recordings will be professionally edited to create an enjoyable movie of this great experience. A separate track will be included showing a full stage view to ensure you will see your performer!
